

Scalable Cloud

VPS Hosting with Fully Managed Services as Standard

At HostChain, our VPS cloud servers give you the flexibility to scale your resources seamlessly. Unlike other cloud hosting companies, all of our plans include the cost of managed services.

Domains

It All Starts Here – Find a Domain Name

Whatever domain name extension you're after, if it's available, you'll find it listed in our domain name checker. Whether you're looking for a .com, .net, or .org address, or something a bit more unusual, our easy-to-use search bar will show your options, straight away.
